Subject: nomination election member to the board

Dear Members of the Board,

With this letter, we are honored to once again put forward Mr. Stephan Kelchtermans as a candidate for Vice President of the WBFSB Board. In support of the executive responsibilities, the Board may also continue to rely on the expertise of Mr. Rudi Eerdeken, representing the BWP Secretariat.

Over the past years, we have endeavored to raise the standards of financial management within the Board, ensuring greater transparency and accountability. We have critically, yet always constructively and in the best interest of the WBFSB, assessed whether proposed projects were financially viable and whether they could bring sustainable added value to the Federation.

It is our firm intention to continue working in this spirit in the years ahead. Through collaboration, professionalism, and a shared vision, we are convinced that together we can further strengthen the role and visibility of the WBFSB within the international equestrian community.

With kind regards,

Davy Schruers,
Secretary BWP
Member of the board BWP
